

We are a fast-growing site selection firm based in Dallas, Texas specializing in global office and industrial site selection projects. We are offering you a great opportunity to be an integral part of a high performing team of site selection experts in a truly awesome team-oriented workplace.

COMPANY:

Site Selection Group is a leading, independent location advisory, economic incentive and corporate real estate firm. We help companies optimize their site selection decisions through our innovative service offerings.

- Inc. 5000 Fastest Growing Companies in the United States.
- 5-time winner of Best Places to Work by the Dallas Business Journal.
- We believe in the highest-level of service, innovation, teamwork and excellence.
- Our purpose is to deliver conflict-free solutions that enable our clients to make a positive impact in their communities.
- We have great clients like Amazon, Liberty Mutual, T-Mobile, USAA and Wayfair.
- Developer of IncenTrak[®] - market leading economic incentive compliance management software.

POSITION:

We're looking for a Vice President level site selection consultant to conduct in-depth site selection studies, help manage projects and consult our clients on the optimal location strategies.

- Base salary plus bonus and commissions.
- Employee benefits including PTO based on tenure, holidays, healthcare, dental, 401K, etc.
- Career progression within a fast-growing company.
- Truly interactive environment where all employees' ideas are valued.

REQUIREMENTS:

- 5+ years of experience in site selection, statistical analysis, location consulting, or geographic information sciences.
- Bachelor's degree in geography, statistics, mathematics, or economics is preferred.
- Extensive experience with predictive modeling and/or econometrics is preferred.
- Mastery of Microsoft Excel and proficient in Microsoft PowerPoint.
- Extensive experience with GIS software platforms.
- Experience with Tableau.
- Ability to utilize unfamiliar data and methods, think critically, and problem solver.
- Positive attitude with ability to work effectively within a team environment.
- Ability to manage entry-level associates.
- Able to multi-task in a fast-paced environment.
- Strong written and verbal communication skills.
- Attention to detail and accuracy.

RESPONSIBILITIES:

- Lead research efforts for corporate site selection consulting projects.
- Manage critical geographic databases.
- Manage associate level analysts and monitor their research.
- Produce GIS maps and related spatial analytics.
- Conduct predictive modeling and complex statistics analysis.
- Perform primary research activities including the solicitation of information from third parties such as economic development groups.
- Conduct employer interviews to evaluate labor conditions.
- Develop client deliverables and effectively communicate the results of analyses.
- Touring cities across the U.S. with clients.

LOCATION:

Site Selection Group is located in the Preston Center area of Dallas, Texas. This is a great place to work because it offers easy access to most areas and incredible amenities within walking distance.

WHY SHOULD YOU APPLY?

- Ability to work on a high performing team of skilled site selection consultants.
- Ability to create and build custom location analytic models.
- Opportunity for career progression.
- Ability to earn bonuses and commissions.
- Full employee benefit package.
- Great location with free covered parking.
